**NCC Group joins
Stonewall's Global
Diversity Champion
programme**

As part of our ongoing commitment to create a diverse and inclusive workplace, we have signed up to Stonewall's Global Diversity Champion programme.

Stonewall is the leading LGBT+ organisation in the UK and Europe. Their mission, to forge partnerships with other organisations to create real change for the better, is perfectly aligned to our own mission, which is to keep society safe and secure.

Speaking of the announcement, Yvonne Harley, Group Head of Communications, NCC Group says: "We are looking forward to working with Stonewall to help us to create a positive workplace experience for our LGBT+ colleagues. As part of our Sustainability programme, we made a [commitment](#) in 2019 to the United Nations Sustainable Development Goals (SDG) and this directly supports the work we are doing around SDG 10: Reduced Inequalities."

Colin Watt, NCC Group's Chief People Officer adds: "This membership, along with our colleague's personal experiences and passion will enable us to create an even better place to work. We have circa 1,900 colleagues around the world and we want to ensure everyone feels welcome and has equal opportunity to play a part in the Group's success."

We will take part in Stonewall's Global Workplace Equality index in March, which will then provide a basis for developing a programme to support activity. Membership offers access to resources to support our business along with opportunities for all colleagues to take part in a range of events that Stonewall host throughout the year.

About NCC Group

NCC Group exists to make the world safer and more secure.

As global experts in cyber security and risk mitigation, NCC Group is trusted by over 15,000 clients worldwide to protect their most critical assets from the ever-changing threat landscape.

With the company's knowledge, experience and global footprint, it is best placed to help businesses identify, assess, mitigate and respond to the evolving cyber risks they face.

To support its mission, NCC Group continually invests in research and innovation, and is passionate about developing the next generation of cyber scientists.

With over 1,800 colleagues in 12 countries, NCC Group has a significant market presence in North America, continental Europe and the UK, and a

rapidly growing footprint in Asia Pacific with offices in Australia and Singapore.
